EXCELLENCE - to excel in every activity, objective, goals to become confident and capable members of society.

VISION - At DDM we practice positive connections with students with value and cultural education build confidence, to cope with changing post-modern and globalized world.

SCHOOL ANTHEM

Here we are altogether
As we sing our song joyfully
Here we are in our school
As we gather here to learn.

1. Join we now as friends
To do our best, to love and care
All as one a
We learn to read, to write and share
And we'll all join in and sing.

2. We love our school
The students of DDM are we
All as one
We develop our talents and our skills
Let us all join in and sing.

Our Mentor

Mr. RAJAN VICHARE, (MP LOKSABHA, THANE)

I am extremely happy to share some of my ideologies through this page. I have experienced the difficulties of a common man. I know the basic needs of men and the difficulties endured by the under-privileged and down trodden. I do strongly believe that Education is the only weapon which can pave the way for such people to uplift themselves.

Therefore enable every child to get good Education, Hard work will always reward the doer. I always wished to impart meaningful education with much stress to our Indian culture which is globally respected. "Education with Wisdom" is our motto. DDM School stand and serve ever to this motto.

SPIRITUALITY at a young age and DISCIPLINED are the two major issues of the nation which no school nurtures to the fullest DDM focuses on this and the secondary thing is to update the students with Technology and Communication.

I wish that children should learn the latest technologies with knowledge of applications.

I appreciate and congratulate each and every member of DDM High school and junior college who work as a strong team, as a family composed of individuals intertwined by their duties. Taking the time to send everyone compliment message will connect with them on a personal level. Despite the many obstacles in place, Every member at DDM High school and junior college managed to pull through and strongly believed in never giving up on the goal. All the very best for new adventure, may success prosperity follow you all.

Mrs. NANDINI VICHARE (CORPORATOR TMC)

“You educate a man, you educate a man. You educate a woman you educate a generation.”

I am glad and pleased to hear about DDM English High school and junior college for meeting the educational goals of standard global development. The students capable of contributing in both individual and community development focuses on the social, mental, physical, emotional, cognitive, and economic development of every learner representative of their race, ethnicity, gender, geographical location or socio economic status.

We are passing through a world of cut throat competitions. Technologies' and source of knowledge are changing at a breath pace. Education is essential for individual and society to survive and exist. We need to encourage the young learners to think critically and vibrant in the modern society. We ought to make them aware about the social issues and involve them in decision making, inculcating moral values welcome diversity and to respect fellow beings and Motherland.

Our mission is to provide quality education for the all-round development of the child. I personally have experienced and attended many programmes at DDM high school and college and learned that special attention is given by teachers spiritually, psychologically socially and nutritionally among others. The teaching, learning climate at DDM is conducive. At times the school takes disciplinary actions against all the fault - committing based on the fair rules.

I convey My blessings to all students, best wishes to wonderful faculty compliment to the truly dedicated principal and very supportive and progressive management for their efforts towards the growth and development of the institutions.

Mr. YOGESH SAWANT (CHAIRMAN'S MESSAGE)

Together one mind, one heart, one soul. With one small step at a time, we can make some difference towards a better world, a brighter tomorrow. - Martin Luther King Jr.

I believe that education is the most important aspect of growth and educated population solves many problems. DDM high school and Junior college plays an instrumental role in imparting quality education to students every year.

I believe each child is unique and has tremendous potential to learn. It is our responsibility as faculties and parents to mould them into a flawless zealous and victorious citizens. Our institute always strives hard to promote education and culture in all aspects in order to achieve and fulfil the mission vision statement that we believe in - "The hard work of today is the triumph of the future. The time and effort you spend today are the deciding factor of your later years." DDM constantly evaluates and re-evaluates, so as to make the process of learning interesting, effective and result oriented.

I intend my warm wishes to the principal, staff and students to continue this journey on the road of excellence.

I wish you all a very happy and successful year full of Laurels and Greetings.

Mr. SWAPNIL CHAVAN (SECRETARY)

I firmly believe that education fosters confidence, discipline and clarity in the thought and decision-making ability to set and achieve goals, and above all social responsibility as a life-long process among the students. Students of DDM are groomed to think out of the box and engulf articulation, innovation and team work. The challenge lies in utilising the changing learning pattern with changes in the methods of instruction coupled with technological advancements to create an educational experience that will influence the all-round development of students and uphold our commitment towards our nation. At DDM, a non-profit organization, our expert teachers, trustworthy staff and experienced principal are all dedicated to education first. Their main goal is to provide every student the opportunity to reach his or her fullest potential.

I accolade and praise on this special occasion of publishing the school / college magazine that would help cherish the joyous movement and pressure the success stories created by the school.

I wish you all a great success in all endeavours in the years to come.

Mr. V. K. WANKHEDE (CONSULTANT)

More than 50 Years' experience in the Education field under different positions of responsibility and gaining the relevant skill set, Being the Dy. Director of education (Retd) Government of Maharashtra take this opportunities to congratulate GIF's DDM English High School & junior college for its overall achievement and progress in each and every field.

A depth of gratitude towards the management for valuing potential and abilities of each and every one for devoting their precious and valuable time for the upliftment welfare, wellbeing of this Institution.

My sincere acclamation to the teaching fraternity for their great enthusiasm & deep interest in the development of a bright future generation of this distinguished country.

I compliment and applause every institution member for maintaining the record of excellence in all field consistently for the last few years.

I extend my best wishes and blessing to the Principal, Teaching - Non teaching staff, students, parents and all well-wishers who are associated with this great Institution.

I once again appreciate and acknowledge the institution for achievement and wish a splendid success in their journey of education.

Thank you!!!

Principal's Desk

“Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations”

Today, the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. More than a decade back DDM HIGH SCHOOL & JUNIOR COLLEGE pledged to transform education. The institution that is being run under the aegis of well-established Management has earned its own niche. At DDM HIGH SCHOOL & JUNIOR COLLEGE we provide an atmosphere to our students for multifaceted development, where children are encouraged to channelize their potential in the pursuit of excellence. This can only be possible in a holistic, student-centric environment. The talents, skills, and abilities of each student need to be identified, nurtured, and encouraged so that he / she is able to reach greater heights. Students need to be provided with a platform to think, express, and exhibit their skills. It is necessary to empower them to negotiate several issues that confront them, with the teacher being a facilitator.

The institution is striving hard to make the best possible efforts to inculcate strong values combining with academics and extra-curricular activities in the students. Converting every individual into a self-reliant and independent citizen, the institution provides an amalgam of scholastic and co-scholastic activities.

No wonder, a student harnessed in such an atmosphere has every hope and possibility of becoming a responsible, balanced and a mature adult and is able to live in to contribute and to shoulder responsibilities of the society, of which he forms an integral part. Children need a supportive environment at home and at school. They need to set goals, within their reach until they gain confidence and determination. They should re-examine their priorities, set clean goals and make specific plans to achieve what they desire. Focusing on specific goals, helps them move forward purposefully in life. They would, thus, have the pleasure of watching their dreams into reality.

While academic excellence is our major thrust, the school is also devoted to prepare the students for life, groom them to face the challenges of tomorrow, and encourage them to be socially relevant. We constantly endeavour to always live up to this ideology and inculcate this into everything we do, with the aim that we will be able to ensure that the children grow to their full potential, while constantly being groomed to pass out as men and women competent to bear responsibility in all walks of life. The parents are the most strengthening power in moulding the future of children. Their consistent support empowers us to do more and more. I pay my gratitude to them for their faith in us.

I am confident enough that our students will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

Parents Orientation Program

The orientation program took place on [Date] at Dagadi school Building. The timing of the event was from 11:00 am to 1:00 pm.

Objectives:

- Ŷ The primary objectives of the orientation program were as follows:
- Ŷ Introducing students to the college environment, facilities, and resources.
- Ŷ Providing an overview of the academic curriculum for Science and Commerce streams.
- Ŷ Familiarizing students with the college policies, rules, and regulations.
- Ŷ Encouraging interaction among students and fostering a sense of community.

Program Highlights:

The orientation program included a variety of activities and sessions to address the needs and concerns of the incoming students. Some of the key highlights are as follows:

Welcome Address:

The program commenced with a warm welcome address by Raj Sir expressing excitement about the students joining DDM Junior College.

Introduction to College Resources:

Representatives from the library, laboratories, and other essential facilities provided detailed information about the resources available to students.

Academic Overview:

Faculty members from the Science and Commerce departments outlined the academic curriculum, subject choices, and evaluation systems to help students make informed decisions.

Interactive Sessions:

Various interactive sessions were organized to facilitate communication between students and faculty, allowing students to ask questions and seek guidance.

Extracurricular Opportunities:

Representatives from clubs, societies, and sports teams showcased the diverse extracurricular opportunities available, encouraging students to explore their interests beyond academics.

Ashadhi Ekadashi (Wednesday, 28/06/2023)

Ashadhi Ekadashi, also known as Shayani Ekadashi, is an auspicious occasion observed on the 11th lunar day of the bright fortnight of the Hindu month of Ashadhi. This day holds great significance as it marks the commencement of the divine sleep of deity Vishnu. Recently, D.D.M. English High School & Jr. College of Science & Commerce celebrated Ashadhi Ekadashi with immense enthusiasm and devotion.

Event Theme:

The theme of the program at D.D.M. was aptly titled "Bolava Vitthal Pahava Vitthal," focusing on the spiritual essence of the occasion and emphasizing the devotion to Lord Vitthal.

Celebratory Performances:

The celebration at D.D.M. was a vibrant display of cultural performances reflecting the various facets of the festive spirit. Students showcased their talents through a dance performance set to the melodious tune of "Vitthal, Vitthal." The energy and enthusiasm of the participants filled the air with a sense of joy and celebration.

Traditional Attire:

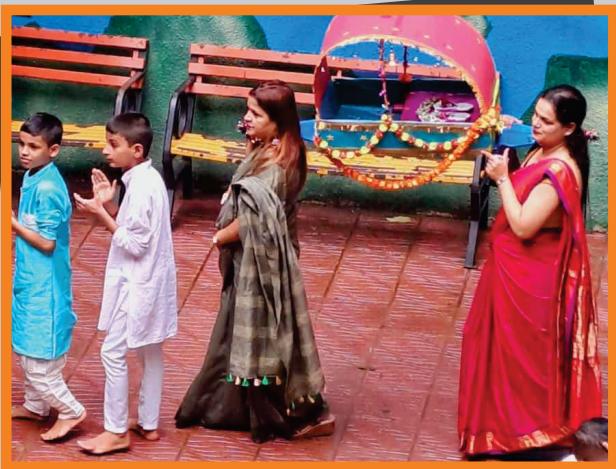

In adherence to the theme, both boys and girls adorned themselves as Warkaris, depicting the devotees who embark on the sacred journey of Pandharpur Yatra. The costumes were thoughtfully chosen to reflect the traditional attire worn during this pilgrimage, adding authenticity to the celebration.

Symbolic Acts:

During the event, girls were seen carrying Tulsi plants, a gesture symbolizing purity and devotion. Boys, on the other hand, added a musical element to the celebration by holding cymbals and enchanting the name of "Lord Vitthal." These symbolic acts not only added depth to the performances but also left the audience spellbound.

Educational Element:

Apart from the cultural festivities, students took the opportunity to share valuable information about the importance of Ashadhi Ekadashi and the significance of the Pandharpur Yatra for devotees. This educational element added a layer of understanding, allowing attendees to connect with the spiritual and historical aspects of the celebration.

Green Colour (Monday, 31/07/2023)

D.D.M. Pre-Primary recently transformed into a riot of green hues as it celebrated the theme of the month - "Green Colour." The celebration aimed to engage young minds in a lively and educational exploration of the colour green, fostering creativity and a sense of environmental awareness.

Event Highlights :

The festivities kicked off with a burst of green decorations, creating an immersive and visually stimulating environment for the little ones. From green balloons to foliage-inspired artwork, every corner of D.D.M. Pre-Primary radiated the vibrancy associated with the colour green.

Art and Craft Activities :

Students eagerly participated in various art and craft activities centred around the theme. Tiny hands were busy creating green-tinted masterpieces, showcasing a range of imaginative expressions. Teachers facilitated these activities, encouraging children to explore different shades of green and understand the diversity within the colour spectrum.

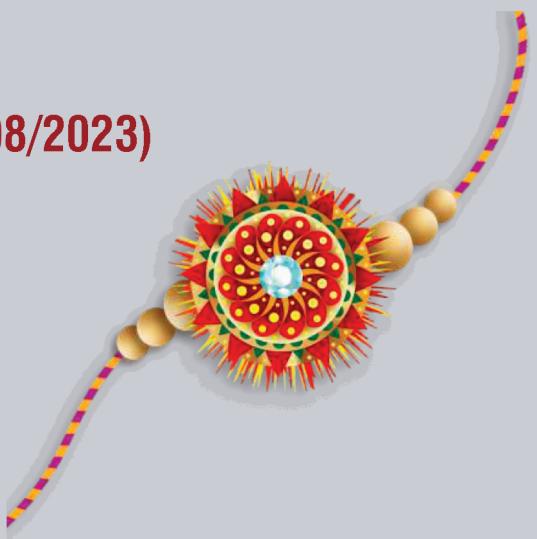

Green Attire Parade :

An exciting highlight of the celebration was the Green Attire Parade, where children, dressed in various shades of green, paraded through the school premises. The lively procession not only showcased the creativity of the little ones but also emphasized the importance of colours in early childhood development.

RAKSHABANDHAN (Tuesday, 29/08/2023)

D.D.M. Pre-Primary recently witnessed an atmosphere of joy, love, and familial bonds as it celebrated the festival of Raksha Bandhan. The event aimed to instil values of love, care, and sibling camaraderie among the young learners, fostering a sense of togetherness and cultural understanding.

Event Highlights :

The Raksha Bandhan celebration at DDM Pre-Primary was marked by various engaging activities that encapsulated the essence of the festival. The event unfolded in a joyful and inclusive manner, allowing students to understand and appreciate the significance of Raksha Bandhan.

Gokulasthami (Tuesday, 06/09/2023)

D.D.M. Pre-Primary recently resonated with the jubilant sounds of celebration as it observed the festival of Gokulasthami, also known as Krishna Janmashtami. The event was a vibrant blend of cultural richness, spirituality, and playful festivities, aimed at introducing the young learners to the essence of this auspicious occasion.

Event Highlights :

The Gokulasthami celebration at D.D.M. Pre-Primary was marked by a myriad of activities that allowed the children to immerse themselves in the folklore and traditions associated with Lord Krishna's birth. The festivities not only fostered cultural awareness but also instilled values of joy, unity, and devotion.

Dahi Handi Breaking Ceremony :

A central highlight of the celebration was the Dahi Handi breaking ceremony, where children enthusiastically participated in forming human pyramids to reach and break the suspended pot filled with curd. This playful and spirited activity not only brought joy and excitement but also symbolized the mischievous nature of the young Lord Krishna.

Yellow Colour (Thursday 14/09/2023)

D.D.M. Pre-Primary recently transformed into a lively sea of yellow as it celebrated the vibrant theme of the month - "Yellow Colour." The event aimed to engage young minds in a joyous exploration of the colour yellow, fostering creativity, and providing an opportunity for interactive learning.

Event Highlights :

The Yellow Colour celebration at D.D.M Pre-Primary was marked by various engaging activities that captivated the imagination of the children and brought the colour yellow to life. The Yellow Colour celebration at D.D.M Pre-Primary was a delightful and educational experience for the young learners. Through a combination of artistic expression, interactive activities, and parental involvement, the event successfully achieved its goal of making learning enjoyable. The colourful atmosphere, coupled with the active participation of both students and parents, created lasting memories and fostered a positive and engaging environment at D.D.M Pre-Primary.

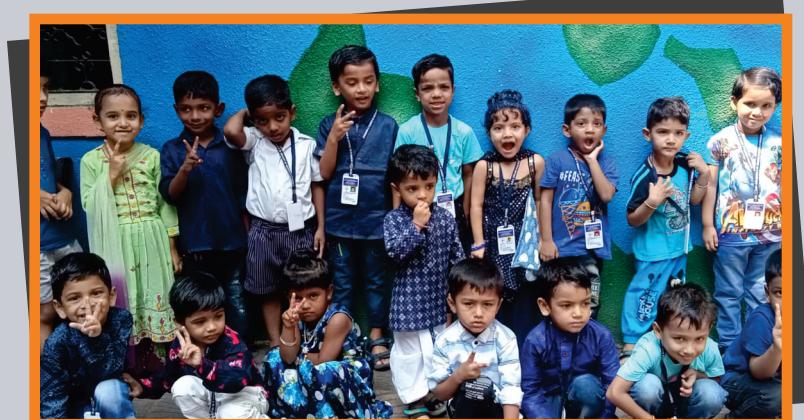

Ganpati Celebration (Monday 16/09/2023)

The Ganpati Celebration at D.D.M Pre-Primary was a harmonious blend of religious fervor, cultural exploration, and educational insights. Through a variety of activities, the event successfully introduced young learners to the traditions and values associated with Ganpati Festival. The joyous atmosphere, coupled with the active involvement of parents, created a memorable and enriching experience for the students, fostering a sense of cultural appreciation and community spirit.

Blue Colour (Wednesday, 18/10/2023)

The Blue Colour celebration at D.D.M. Pre-Primary was a delightful and educational experience for the young learners. Through a combination of artistic expression, interactive activities, and parental involvement, the event successfully achieved its goal of making learning enjoyable. The colourful atmosphere, coupled with the active participation of both students and parents, created lasting memories and fostered a positive and engaging environment at DDM Pre-Primary.

Navaratri Celebration

(Friday, 20/10/2023 & Saturday 21/10/2023)

The Navaratri Celebration at D.D.M. was a vibrant and culturally enriching experience for the young learners. Through a combination of traditional dances, artistic expressions, and educational insights, the event successfully introduced the children to the traditions and values associated with Navaratri. The festive atmosphere, coupled with the active involvement of parents, created a memorable and enriching experience, fostering a sense of cultural appreciation and community spirit at D.D.M.

Ramleela (Saturday 21/10/2023)

D.D.M. School celebrated Ramleela with great enthusiasm, emphasizing the importance of good values through Lord Ram's virtues and the triumph over Ravana's bad values. The students portrayed the epic with remarkable dedication.

In addition, the school commemorated Durgotsav, with nine girls beautifully dressed as Ma Durga, symbolizing the power of Shakti. This event served as a profound reminder of the strength and knowledge associated with the divine feminine energy. Students and teachers united to educate and inspire everyone about these cultural and moral values. It was a celebration that resonated with the richness of our culture and traditions.

Diwali Celebration

(Friday, 09/11/2023)

Diwali celebration at D.D.M. was a delightful and culturally immersive occasion for the young participants. By blending traditional customs, creative expressions, and educational elements, the event effectively acquainted the children with the rich traditions and values linked to Diwali. The vibrant and celebratory ambiance, along with the enthusiastic participation of parents, not only forged enduring memories but also nurtured a positive and interactive atmosphere at D.D.M.

Diwali Celebration

(Friday, 09/11/2023)

Annual Sports Day (Saturday, 16/12/2023)

D.D.M. celebrated its Annual Sports Day with great enthusiasm and energy on 16th December 2023. The event witnessed active participation from students who thoroughly enjoyed a range of indoor and outdoor games.

The occasion was graced by the presence of esteemed dignitaries, including our School Mentor, Nandini Vichare Madam, and Secretary Mr. Swapnil Chavan Sir. Consultant Mr. Wankhede Sir, along with our respected Principals and all dedicated teaching staff, added to the grandeur of the event.

The students showcased their talents and sportsmanship in various activities, making the day a memorable one. The collective effort and teamwork displayed by our students truly reflected the spirit of sportsmanship and camaraderie.

Christmas Celebration (Saturday, 23/12/2023)

D.D.M. Pre-Primary recently transformed into a magical wonderland of festive delight as it celebrated the Christmas season with its young learners. The Christmas celebration was a joyous amalgamation of traditional elements, creative activities, and heartwarming performances, creating a memorable experience for the enthusiastic participants.

The Christmas Celebration at D.D.M. was marked by a range of engaging activities that captured the spirit of the holiday season and brought smiles to the faces of the young participants.

D.D.M. Junior College successfully organized 11th Orientation Program for Science and Commerce students. The program was designed to welcome and acquaint the incoming 11th-grade students with the academic, extracurricular, and administrative aspects of their respective streams.

Career Counselling Session (Tuesday, 05/12/2023)

The session aimed to provide valuable guidance and insights to help students make informed decisions about their future academic and professional paths.

Date and Venue :

The Career Counselling Session took place on 05/12/2023 at D.D.M. English High School & Jr. College. The session extended from 11:00 am to 1:00 pm.

Objectives:

- The primary objectives of the Career Counselling Session were as follows:
- Assisting 12th-grade students in understanding various career options available to them.
- Providing insights into the academic and professional requirements of different career paths.
- Facilitating interaction with experienced professionals from diverse fields.
- Offering guidance on higher education opportunities, including college admissions and entrance exams.

Program Highlights:

The Career Counselling Session featured a range of activities and presentations designed to address the specific needs and queries of 12th Standard students. Key highlights of the session include :

Opening Remarks:

The session began with opening remarks by Shri. Gajanan Parab, emphasizing the importance of thoughtful career planning and the role of the college in supporting students in their decision-making process.

Career Talks:

Experienced professionals from various fields were invited to share their insights and experiences, providing students with a real-world perspective on different career paths.

Interactive Q&A Sessions:

Students had the opportunity to engage in interactive question and answer sessions with the guest speakers, enabling them to seek personalized advice and guidance.

Higher Education Guidance:

Representatives from college counselling services and experts in education provided information on college admissions, entrance exams, and scholarship opportunities.

Freshers Party (Thursday, 14/09/2023)

D.D.M. Jr. College celebrated the Freshers Party 2023-24 with immense enthusiasm and joy! ??

We extend our heartfelt gratitude to Vichare Madam for gracing this special occasion with her presence. Your support means the world to us.

A big thank you to Wankhede Sir for dedicating your valuable time and bestowing your blessings upon our students. Your guidance is truly appreciated.

Our event was made even more special by the presence of some remarkable guests. Miss Kartiki Admane, a distinguished actress, and Miss Top Model India International, shared her incredible journey in the entertainment industry, inspiring us all.

Sushma Natesh, the successful perfumer and founder of Yuana Aroma, enlightened us about the profound impact of aromachology on human psychology and shared her inspiring entrepreneurial journey.

Dr. Richa Bhangre, a seasoned dentist with her own clinic, Family Dental Care Centre, captivated our students with her 17 years of dental practice and words of wisdom.

Advocate Swapnali Lindait, a practicing lawyer for 19 years and founder of Lindait and Associates, shed light on her meaningful work in charitable trusts and media, leaving us all inspired.

Milind Dabholkar, the zonal head at Sakal Newspaper, brought his extensive 22 years of experience to the event, enriching our knowledge and perspective.

Celebrity designer Sheetal Nikam graced us with her insights from two decades in the fashion industry, which were both informative and inspiring.

Chef Aashis Patil, with 12 years of experience in the hotel industry, delighted our senses with his culinary expertise.

The highlight of the evening was the announcement of our title winners: Mr. Fresher, Vighnesh Shah (Commerce), and Miss Freshers, Palak Shah (Science). Congratulations to our talented winners!

It was an unforgettable celebration filled with talent, inspiration, and unforgettable memories. We look forward to more such incredible moments in the future.

DSO Achievement (Friday, 27/10/2023)

We would like to extend our heartfelt congratulations to Atharva Gosavi for his outstanding performance in the 1500-meter running event at DSO. His dedication and hard work have truly paid off, and we are proud to have such a talented athlete on our team.

Personality Development Session

(Friday, 27/10/2023)

D.D.M. conducted a personality development session for our students. The session covered essential gateway points, including :

- Standing Postures
- Hand Postures
- Body Language Postures
- Understanding Expressions
- Listening Skills
- Communication Skills

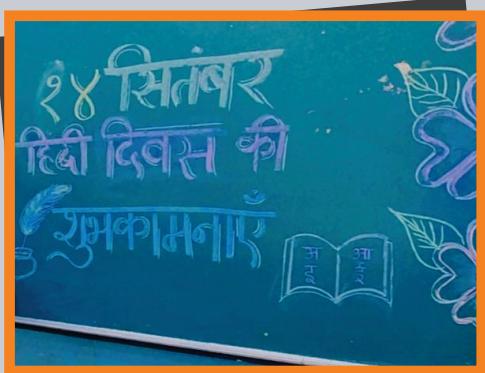

This initiative aims to enhance our students' personal and professional growth.

for the Yatris on both routes. A k

Celebration of Kargil Vijay Divas

Today, On the Occasion of Kargil Vijay Divas, DDM English High School & Junior College with Degree College Shree Jaya Anand Celebrated This Day by paying their tributes to the martyrs. Lighting of the candle was done by the School Trustee Mrs Nandini Vichare and Youth Activist Ms.Dhanashree Vichare. Guests of the Day - Rupa Thakkar and Jyoti Chindarkar graced the occasion. Degree

College Principal Mrs. Pranali Patade and School Principal Rupali Mandlik were present. Bunch of programmes were held in DDM School to

inculcate patriotism among the students. Kargil Vijay Divas is an important day for us Indians. It was on this historic day in the year 1999 that our Indian soldiers won the war and defeated the Pakistani soldiers after 60 days. Many Indian soldiers sacrificed their lives in the war. Their sacrifice inspires us the young generation of service to our country. In this way, we can pay our respect to all the brave soldiers and promise ourselves that they will remain in our hearts and minds forever.

The School Trustee Mrs. Nandini Vichare and Ms. Dhanashree Vichare greeted the students on the occasion and appreciated the drawings done by the students.

ठाणे : डी.एम.एम. शाळेत विद्यार्थ्यांनी रामलीला सादर केली.

ठाण्यात रामलीलेचे सादरीकरण

ठाणे, ता. २२ (बातमीदार) : सध्या सर्वत्र नवरात्रोत्सवाची धूम सुरु आहे. यानिमित्ताने शालेय विद्यार्थ्यांना रामायणाचे धडे मिळावे, यासाठी ठाण्याच्या डीएमएम शाळेने खास रामलीलाचे आयोजन केले होते. शाळेच्या विद्यार्थ्यांनीच हे नाट्य सादर केले. विशेष म्हणजे रामलीलाचे पात्र साकारणारे विद्यार्थी हे हिंदू व मुस्लिम या दोन्ही धर्मांचे होते.

आर्थिकदृष्ट्या न परवडणाऱ्या मुलांना इंग्रजी माध्यमाचे शिक्षण

देणारी शाळा म्हणून डीडीएम शाळा ओळखली जाते. शाळेत सर्व जाती-धर्मांचे विद्यार्थी शिक्षण घेत आहेत.

प्रभु रामाच्या सदगुणांच्या माध्यमातून चांगल्या मूल्यांचे महत्त्व आणि रावणाच्या वाईट मूल्यांवर विजय मिळवला. या मूल्यांची मुलांना ओळख व्हावी, यासाठी रामलीला सादर केली. या वेळी मुख्याध्यापिका रूपाली मंडलिक यांच्यासह शाळेचे शिक्षक व विद्यार्थी उपस्थित होते.

Unseen Love

What is love? Some people say love between parents and their child between husband and wife etc but here. I am talking about unseen love where you have never seen each other. Where you never meet him . where you don't know how he look.

But people say that he is the most beautiful in the universe. He has such beautiful eyes. If you see then you are going lost .he is that much beautiful if saw his face you are going to die on the spot. Even if you see his feet you get everything you want.

I never see him but we always talk whenever I feel alone. He is always there for me. I share everything with him. He know what is good for me When there is know one at my side he is always there. When there is no one to listen to what I want to say He always listens to me without judging me.

Some people say that he is the most knowledgeable person in the universe and he is the best musician in the world . He know everything.

He taught me how to respect our parents, he taught me the real meaning of friendship. What is the true meaning of love He always says that in this world known one is useless everybody has their equal importance.

He is the one who gives directions to all the human beings in the world who lost their hopes by giving the knowledge of Bhagavad Gita.

Yes I am talking about Shri Krishna. People believe in him. Some people do not believe in him but trust me if you trust him once he is never going break your trust .

When you start believing in him whatever biggest problem is there in your life you only have to say **Hare Radha Krishna**. I left everything to you.

And you are going to see the magic

English article on "How Will AI Build Future"

The Transformative Impact of Artificial Intelligence on Shaping the Future Artificial Intelligence (AI) stands at the forefront of technological evolution, poised to redefine the fabric of our future. As we navigate through the 21st century, the integration of AI into various facets of our lives promises to revolutionize industries, reshape economies, and fundamentally alter the way we perceive and interact with the world.

One of the key areas where AI is expected to leave an indelible mark is in the realm of healthcare. Advanced machine learning algorithms are enhancing diagnostics, predicting diseases, and personalizing treatment plans. This not only accelerates medical breakthroughs but also brings us closer to the realization of precision medicine, tailoring healthcare to individual genetic codes. In the business landscape, AI is set to streamline operations and enhance efficiency. Automation powered by intelligent algorithms can optimize work flows, reduce costs, and boost productivity. From manufacturing to customer service, the incorporation of AI-driven solutions is reshaping industries and creating a more interconnected and responsive global marketplace.

Education is another sector experiencing the transformative power of AI. Personalized learning platforms leverage AI algorithms to adapt to individual student needs, fostering a more effective and engaging educational experience. AI's ability to analyze vast amounts of data also contributes to the development of data-driven strategies, improving educational outcomes on a broader scale. The future workplace is evolving with the integration of AI-driven technologies. While some jobs may be automated, AI is also creating new opportunities and roles. The emphasis is shifting towards skill sets that complement AI, such as critical thinking, creativity, and emotional intelligence. The symbiotic relationship between humans and AI is laying the foundation for a dynamic and adaptive workforce.

AI's impact extends beyond Earth as well, with its potential to drive innovation in space exploration. Autonomous rovers, machine learning algorithms for data analysis, and predictive models are enhancing our understanding of the cosmos. As we venture further into space, AI becomes an invaluable tool for navigating the complexities of extraterrestrial exploration.

However, the integration of AI into our future raises ethical and societal questions. Issues related to privacy, bias in algorithms, and the potential for job displacement demand careful consideration. Striking a balance between innovation and responsible AI development is crucial to ensuring that the benefits of this technology are equitably distributed across society.

In conclusion, the future shaped by AI is one of unprecedented possibilities and challenges. From healthcare to education, from the workplace to outer space, AI is a transformative force that will continue to redefine our world. Embracing the potential of AI while addressing its ethical implications is paramount as we navigate the uncharted territories of this technological frontier.

The Importance of a Strong Teacher-Student School Relationship

The relationship between teachers, students, and schools is a crucial aspect of a child's educational journey. It is through this bond that students develop the necessary skills and knowledge to thrive academically, socially, and emotionally. A strong teacher-student-school relationship lays the foundation for a positive learning experience for students, fostering their growth and development in various aspects of life. Teachers play a pivotal role in shaping the minds and lives of their students. Beyond imparting knowledge, they serve as mentors and role models, guiding students through the complexities of life.

A strong teacher-student relationship fosters trust, respect, and open communication, creating a safe and supportive environment where students feel comfortable sharing their thoughts and ideas. When teachers establish positive relationships with their students, it greatly enhances their motivation to learn. Students who feel valued, understood, and supported are more likely to actively participate in class, ask questions, and seek help when needed. This, in turn, leads to improved academic performance and a deeper understanding of the subject matter. Moreover, a strong teacher-student relationship contributes to the holistic development of students. Teachers who are attuned to their students' needs and interests can personalize their teaching methods, ensuring that each student is challenged and engaged. They can identify and nurture individual talents, helping students explore their passions and build self-confidence. By acknowledging and respecting students' diverse backgrounds and perspectives, teachers create an inclusive learning environment that celebrates differences and prepares students for the multicultural world they will encounter beyond school.

The relationship between students and their schools is also crucial in fostering a positive learning experience. Schools should provide a nurturing and stimulating environment that supports students' growth and development. This can be achieved through various means, such as promoting extracurricular activities, creating a safe and inclusive space, and offering resources and support systems for students with diverse needs. When schools prioritize the well-being and success of their students, it strengthens the bond between students and their educational institution, leading to improved student outcomes and an increased sense of belonging. While the responsibility to foster a strong teacher-student-school relationship primarily falls on teachers and schools, students also play a crucial role in building and maintaining this bond. Active participation, respectful behavior, and open communication from students are vital to creating a positive classroom atmosphere. Students should be encouraged to voice their opinions and concerns, fostering a sense of ownership and responsibility for their own education. In conclusion, a strong teacher-student-school relationship is vital for a child's educational journey. It promotes a positive learning experience, improves academic performance, and contributes to the holistic development of students. By fostering trust, respect, and open communication, teachers, students, and schools can work together to create an environment that nurtures students' potential and prepares them for a successful future.

MRS. AKSHITA SHINDE

(Co-ordinator - Pre-primary & Primary)

Teacher is a Second Mother

Children are like wet clay ,they are moulded with all that is taught to them.

In today's world of nuclear families and working parents children get very less time to spend with parents and families.

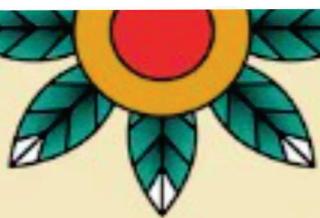

Parents thus send their children to school to make them responsible and learn to judge right and wrong and how to behave well.

Children's spend quality time at school than at home. A teacher motivate her students for their better growth. Teachers make children feel that they are safe enough never let fear be the image but love.

It is the teacher who corrects the children when they go wrong as they would do in regards of their own children.

The teachers plays an important role in shaping the future of children under her care.

To conclude, Teacher place a vital role in child's life and thus teacher is child's second mother.

MS. JAYSHREE GAIKWAD **(Co-ordinator - Secondary)**

आयुष्य असंच जगायचं असतं

जे घडेल ते सहन करायचं असतं
बदलत्या काळाबरोबर बदलायचं असतं
अन्यायाविरुद्ध पेटून उठायचं असतं
आयुष्य असंच जगायचं असतं
कुदून सुरु झालं हे माहित नसलं
तरी कुठे थांबायचं हे ठरवायचं असतं
आयुष्य असंच जगायचं असतं
कुणासाठी काहीही निस्वार्थ करायचं असतं
स्वतःच्या सुखापेक्षा इतरांना सुखवायचं असतं
आयुष्य असंच जगायचं असतं
पंखामध्ये बळ आल्यावर घरटं सोडायचं असतं
आकाशात झेपावूनही धरतीला विसरायचं नसतं
आयुष्य असंच जगायचं असतं
आयुष्याचे गणित सुटलं असं वाटतं
तेक्हाच आयुष्य निसटलेलं असतं
म्हणूनच छोट्या छोट्या गोष्टीमध्ये सुख मानून
प्रत्येक क्षण भरभरून जगायचं असतं

MRS. SHEENA JAYPRAKASH **(Asst. Teacher - Economics)**

Positive outlook on life

Positive thinking always starts with self-talk. It doesn't mean that you ignore life's less pleasant situation. It just means that you approach unpleasantness in a more positive and productive way. You think the best is going to happen, not the worst. The way we handle the problems, the way we handle ourselves like being motivated and strong to confront it.

It's the important aspect in accordance with peer groups. Nowadays these groups don't even know the real and actual meaning of positiveness. For instance, peer groups who are committed to doing well in school or at sports can influence others to be more goal-oriented in their day to day life. Peers forget eventually to focus on brighter side of the life, rather on the negative part.

As the peers always try to bring out the best of each other and challenge themselves. Peers sets plenty of good examples for each other. One of the best effective way to overcome these pressure is to communicate with your emotions.

Positive outlook on one self makes a huge impact on overall development. Having a positive mind set is one of the most important factors in achieving success and happiness in life. Not only does it help to improve our overall well being and mental health, but it also allows us to see the world in a more positive light.

Inculcating a positive mind set is a life long process, but with practice and dedication, it can be achieved by anyone.

So let's take a step back, focus on the positive and watch our lives transformation for the best life.

CHANGE THE THOUGHTS AND YOU CAN CHANGE THE WORLD!

MR. Raj Dhoddmani

(Asst. Teacher - CS & Maths)

Computer Science – The Present & Future of Technology

Today, computer science has become a study program in many parts of the world. Computer science also primarily supports many human activities ranging from trivialities to determining the fate of a nation. With various characters and competencies, computer science has produced many experts.

The professionals are at diverse levels for working in different occupations. During the disclosure of computer science simultaneously, various problems arise from computer technology and produce scientific units systematically, each specifically referred to as a unit of lecture material from a curriculum.

Conceptually, computer science from the opening comes from understanding and implementing various training materials to carry out an activity with computers. Specifically, each concept develops into independent parts, then concepts have a relationship with one another through different theories underlying it.

Along the way, study after study related to computers continue to improve the quality and capacity of computers as the tools to complete human welfare, and it gradually improves the material of computer science, with the evidence attached as literature. However, on the way to becoming a science, computers encounter issues that enhance scientific principles.

The phenomenon always meets more than one paradigm in many opportunities for discussion in scientific meetings. This dissemination presents papers in proceedings as scientific publications, while the article provides each problem with a complete solution as scientific findings or innovations.

Through literature, dissemination defines it as computer science, where scientific documents reveal its growth and can always dynamically change according to the theory and implementation discussed. This article aims to reveal various problems as a review where there are concepts and solutions so that computer science has become the primary foundation in the 21st century as both a skill and a profession.

MRS. RINA SAHU

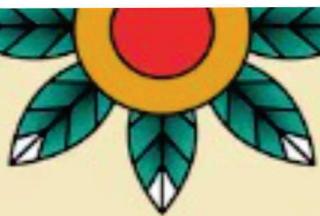

(Asst. Teacher - English)

I LOVE MY MOTHER

You have given me life and showed me the light. Taught the strength to fight, and difference of wrong from right

When there are problems, you always stay and pick me up along the way. Show your support come what may, do everything to make it fade away.

May you have a happy mother's day! I'll always be proud to say, you are the best of the most, and the top of the rest.

MRS. REKHA BHOR **(Administrative Staff)**

RESPECT

The word 'Respect' is a term that has a broader meaning to it. Respect is an emotion that positively influences a person's actions and expressions towards something. Respecting someone is a reflection of your ethical behaviour. But in modern times, unfortunately, people forget the value of respect. There are two aspects of respect, one is self-respect and another one is the respect you give to people.

The meaning behind self-respect is profound. Loving ourselves with honour and dignity is what we call self-respect. If you don't have self-respect, you shouldn't even expect respect from others. No one respects someone who has no self-respect.

If you don't have self-respect, you might have negative concern for yourself. That person also lacks self-confidence. If you have self-respect, you will be more responsible and sincere towards your duties and responsibilities. You will feel very trustworthy compared to others who have no self-esteem. Self-respect allows you to always protect your rights, values, opinions and many other important things. You can improve your moral and ethical values and make yourself valuable to others. Self-esteem makes you a better person.

Next comes the respect we show to others. Respect is a fundamental part of building healthy relationships with others. This is essential for living in society. Respect is a way of expressing love and appreciation for others. Furthermore, we must show proper respect to those who influence our lives. This includes parents, relatives, teachers, friends, work colleagues, authority figures, etc.

One of the best ways to show respect to others is to listen. Listening to someone's perspective is a great way to show respect. Most notably, we must allow people to express their opinions, even if we disagree.

Another important aspect of respecting others is religious/political views. You should pay close attention to the religious and cultural beliefs of others. Respecting another person's religion is certainly a sign of mature respect for that person.

Everyone must respect those in authority. Most people have to deal with people in authority in their lives. Therefore, a healthy respect should be shown to such people.

Respect is an important part of an individual's self-identity and interpersonal relationships. Lack of respect leads to conflicts on an individual, family, and societal level. Show respect to people who don't deserve it as a reflection of your character, not theirs. Showing respect means being aware of the impact your words and actions have on those around you.

Respect makes you feel good and positive and is an important part of everyone's life. Respecting someone is always positive. Everyone deserves respect, and in return, we should respect others. It's like an investment. Everything we give to others benefits us.

MS. RISHU YADAV

(Asst. Teacher - Science & Maths)

EXPRESS GRATITUDE

Before you complain about school, remember

That some people can't get an education

Before you complain about getting fat, remember

That some people don't have any money

Before you complain about cleaning house, remember

That don't even have any Shelter.

Before you complain about washing the Dishes, remember

That some people don't have any Water

MS. PRATIKSHA KULKARNI

Asst. Teacher - Maths)

MATHEMATICS

Mathematics is full of fun
With so much to learn
Where profits are added
While losses are subtracted
Degrees are multiplied
And percentage is divided
Geometry is full of mystery
Algebra has a big history
Integers as different as brothers
Lines are parallel and
Angles are similar
Maths is necessary in life
Without it, it is difficult to survive.

Mrs. Mausam Pande (Asst. Teacher - Hindi)

परीक्षा

खुद से लड़ना होगा
आग में जलना होगा,
परीक्षा का वक्त हैं,
दिन-रात पढ़ना होगा ।

खाना पीना कम करो,
टी. वी., मोबाईल से दूर रहो,
दिन रात चिंतन करो,
पढ़ने में ही लगे रहो,

आज के त्याग का,
फल कल मिलेगा,
घर फिर तुम्हारा भी
बधाइयों से सजेगा ।

Unlocking the Wonders of Artificial Intelligence A Journey into the Future

Artificial Intelligence (AI) is not just a buzzword; it's a technological marvel reshaping the landscape of our world. In this article, we explore the fascinating realm of AI and its implications, especially for school and college students.

Understanding AI : AI is the intelligence demonstrated by machines, capable of performing tasks that typically require human intelligence. From speech recognition to problem-solving, AI is making strides in various fields, influencing how we live and work.

AI in Education : College students are on the brink of a future heavily influenced by AI. Intelligent tutoring systems, personalized learning, and virtual classrooms are transforming the educational experience. AI can adapt to individual learning styles, providing a tailored approach to education.

AI in Healthcare : Imagine a world where diseases can be predicted and prevented. AI is making this a reality through predictive analytics and pattern recognition. Junior college students with an interest in biology or medicine may find themselves at the forefront of medical breakthroughs driven by AI.

AI in Everyday Life : From virtual assistants like Siri and Alexa to recommendation algorithms on streaming platforms, AI has seamlessly integrated into our daily lives. Junior college students are witnessing the evolution of technology that will shape their future professions.

Challenges and Ethical Considerations : As AI becomes more prevalent, ethical considerations come to the forefront. Understanding bias in algorithms, privacy concerns, and the responsible use of AI are essential discussions for college students who will be the future decisionmakers in various industries.

AI and Career Paths : The job market is evolving, and so are the skills required. Junior college students exploring career paths can delve into AI-related fields such as machine learning, data science, and robotics. Developing a foundational understanding of AI can open doors to exciting opportunities.

The Future of Junior College Education : Incorporating AI into the college curriculum can prepare students for a tech driven future. Providing opportunities for hands-on experience, workshops, and collaborative projects can empower students to harness the potential of AI in their academic and professional journeys. As college students, you stand on the cusp of a technological revolution. Embracing the possibilities and challenges of AI will not only enhance your education but also equip you to be leaders in a world where artificial intelligence is at the forefront of innovation. The journey into the future is AI-driven, and you have a front-row seat to witness and shape this transformative era.

Vote of Thanks

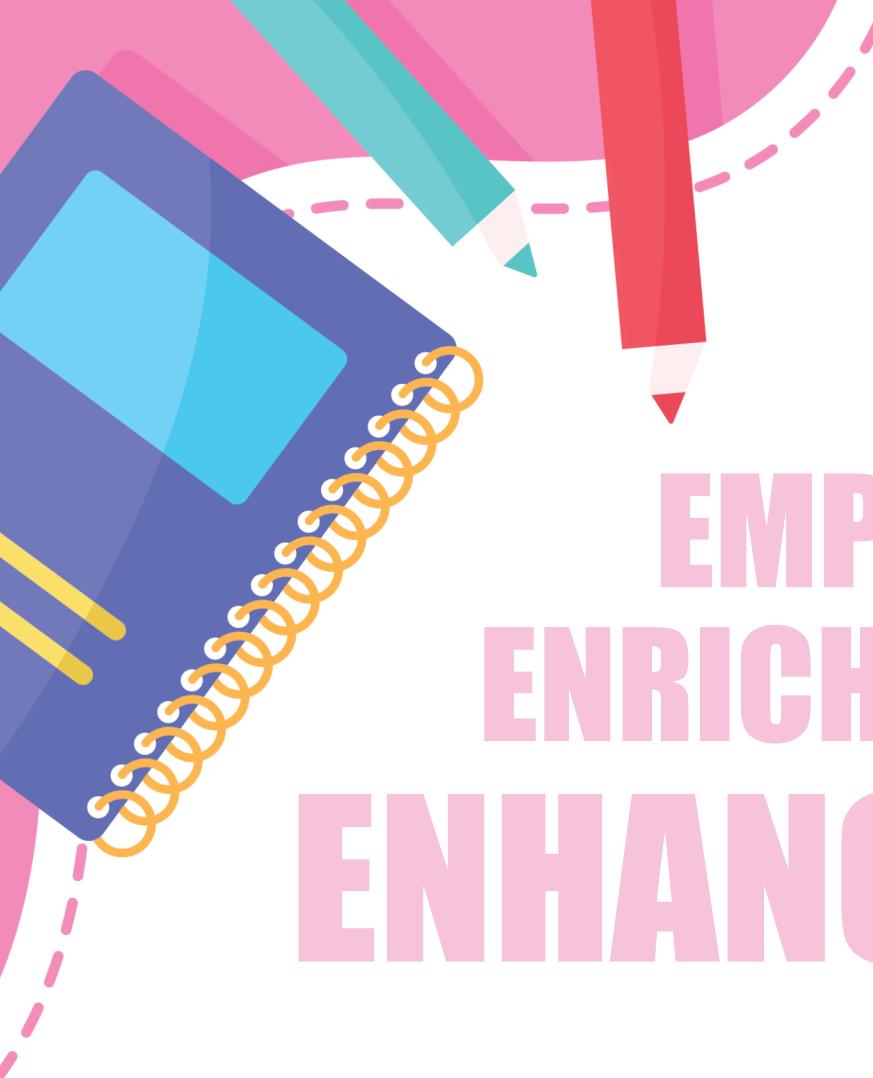

We have been fortunate enough to be backed by team of very motivated and dedicated dignitaries who know their jobs and are result orientated.

We express our sincere gratitude to the management committee for their guidance and support. Our heartfelt thanks to office and supporting staff.

We are grateful and thankful to the parents for the support and co-operation our special gratitude to our School and Junior College principal Mrs Rupali Mandlik for their continuous guidance and co-operation. We are thankful to the editorial team of this magazine as without there efforts and support nothing was possible.

Institution At the end we would like to thank all the staff members who left the school due to various personal reasons and for other opportunities. We also wish each and every staff member who have joined us from this academic session.

Pious Blessing and holiness of Almighty who is a guiding light, under his blessing we will move gloriously ahead in the cycle of time.
